Project-manager / Frontend Developer

Outfit.io

📅 05/2019 - 04/2021   📍 Remote

Worked on an interesting branding automation platform. Daily gathered instructions about the tasks, built and maintained mustache.js templates - banners, flyers, brochures, and animations for online advertising.

As a project manager, I received additional obligations - gathering more tasks from the clients, tracking the required timing for each task, delegating tasks to colleagues depending on their experience, and helping colleagues with the realization of their own tasks.
